\$500,000+

FEATURE STORIES OF THE YEAR

A Texas State doctoral student received a Doctoral Dissertation Research Improvement Grant (DDRIG) from the National Science Foundation's Biological Anthropology Program — the first time a TXST student has won a highly competitive DDRIG in 18 years.

A record-setting number of doctoral students won the Phi Kappa Phi Dissertation Fellowship. No institution has ever had four Dissertation Fellowship recipients in a single year — over 25% of the awardee pool for this national award in 2023.
